

Sports Mats

Tread safely,
land softly

Mats for Wrestling, Floor Exercises and Gymnastics

Sportsmen prefer quality in view of their safety. Whether for wrestling, exercises or gymnastics, whether for professional, amateur or school sports – **BSW floorworks** offers a wide range of high-quality sports mats attuned to different kinds of sports. BSW developed the special consistence of the composite foam body and the fabric cover together with athletes, athletic equipment manufacturers and sports associations. Various thicknesses, densities, fabric covers and textures lend the sports mats the properties adapted to the requirements of each kind of sport. First-class workmanship and high-quality materials have made **BSW floorworks** sports and gymnastics mats a reliable partner for decades.

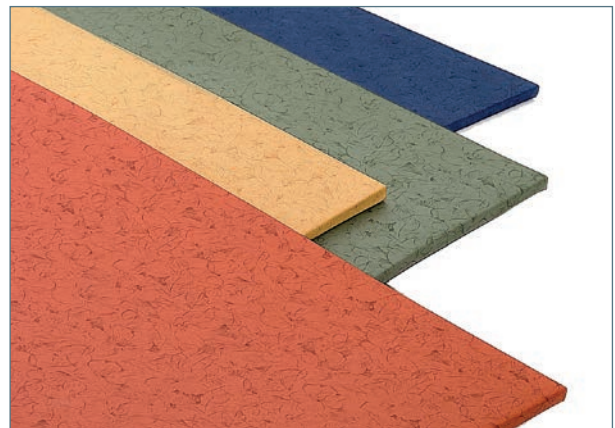

Often BSW floorworks mats are offered as private label products by specialist dealers. If required, BSW will also produce according to customers' specifications.

The Benefits

- Customized production
- On-time delivery
- Our materials are harmless to health
- **Variofoam®** foam core from own production
- Adequate force reduction in line with specific requirements
- Completely covered foam core
- No moisture penetration
- Without metal components, neither inside nor outside
- Durable and long-lasting fabric covers
- Slip-resistant and sure-footed surface textures
- Anti-slip underside for safe grip

Mats for Floor Exercises

Single rolls and surfaces for floor exercises consist of multi-layer PE foam. The top surface is covered with a skin-friendly and hard-wearing velvet needle felt, whereas the underside is composed of slip-resistant foam. All materials are firmly bonded to each other by heat lamination. The mats stand out due to their low weight as well as constant stability.

Standard Dimensions

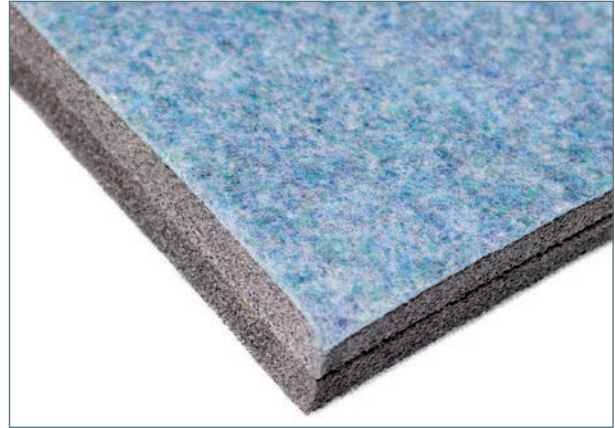

Length 6, 10, 12, 14 linear metres
Widths 1,500 and 2,000 mm
Thickness 20, 25, 35 mm
other dimensions on request

Density

approx. 35 kg/m³

Colours

Amber, Blue Grey

BSW floorworks mat for floor exercises (rolled up)

Mats for Schools and Gymnastics

Mats for schools and gymnastics purposes are available in different densities. The foam core can be adapted according to individual requirements. The mats are supplied with a PVC fabric cover either on top, all around and in some cases on the underside.

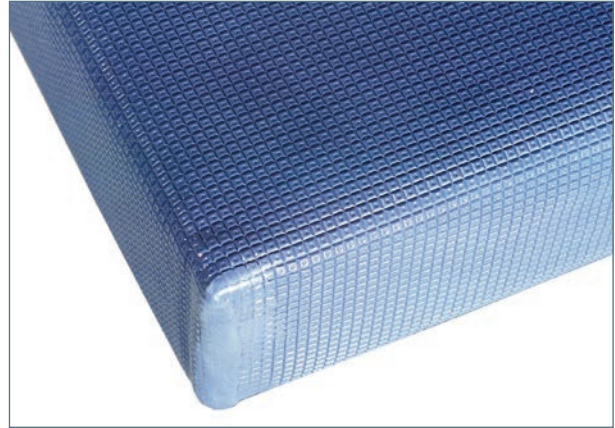

Dimensions

2,000 x 1,000 x 60 mm

2,000 x 1,000 x 80 mm

Densities

approx. 80, 100, 120 kg/m³

Wrestling Mats

Dimensions and designs in line with international standards. The mats are applicable for both training and competition. The mats consist of a compound foam body, which is bound with brown artificial leather. The base is optionally laminated with a non-slip waffle synthetic material or needle felt.

To complete the range of surfaces for wrestling we supply tarpaulin made of high-tensile PVC Trevira mesh either with folding edges for mats with slip-resistant bases or Velcro fasteners for mats with bases made of needle felt.

Standard Dimensions

2,000 x 1,000 x 50 mm

2,000 x 1,000 x 60 mm

1,000 x 1,000 x 50 mm

1,000 x 1,000 x 60 mm

Density

approx. 120 kg/m³

approx. 160 kg/m³

Crash Protection Components

For walls, and any surface into which sportsmen might unintentionally crash. Available in various dimensions. Our Crash Protection Components consist of a shock-absorbing foam compound core, top and sides are covered with resilient artificial leather. Installation is achieved by gluing.

Dimensions

2,000 x 1,000 x 22, other dimensions on request

Density

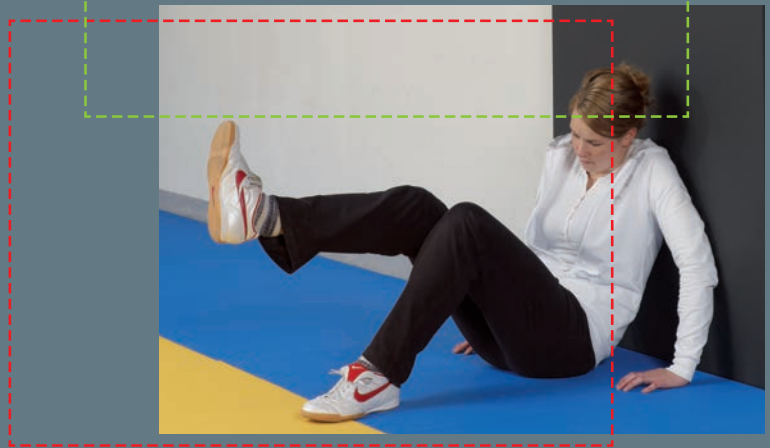

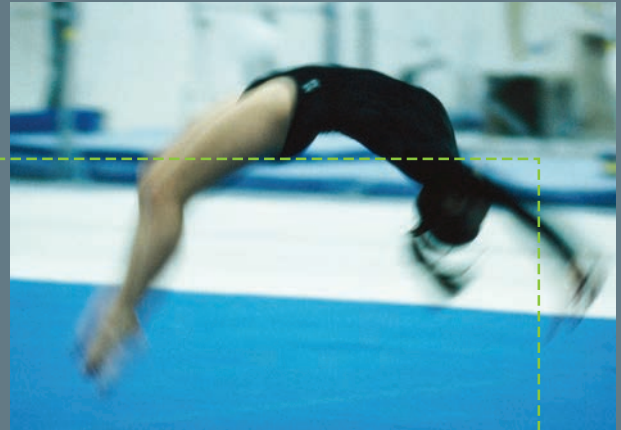

approx. 120 kg/m³
