TO WHOM IT MAY CONCERN

Re.: Regupol® Running Track – National Stadium Jamaica

This is to certify that a Regupol running track is now installed at our National Stadium in Kingston Jamaica (2011) and at our development facility at Stadium East also in Kingston Jamaica (2012)

The track installed inside the National Stadium has IAAF Class # 1 certification (**S-99-0010**) and we commend BSW for installing the track inside the National Stadium in record time, in order to meet the requirements of our 2011 Track & Field season. The work ethic of the installation crew was outstanding and they were fully supported by their sales and admin staff. We also commend BSW sales and technical team, for their continued support even after the completion of the installation.

We are fully satisfied with the performance of both tracks to date and we are looking forward to several years of service from both.

Should you have any queries re the above, please do not hesitate to contact us

Yours truly
INDEPENDENCE PARK Ltd.
